

ENABL Company Profile Texts

Short:

(574 characters with spaces)

ENABL is your global partner within consultancy and equipment solutions across the entire life cycle of onshore and offshore wind turbines.

With more than 22 years of experience, we offer solutions within Consulting, Equipment, and Service. We specialize in production, installation, transportation, testing, and service equipment for towers, monopiles, blades, and nacelles.

Our purpose is to be your partner of choice, enabling the green transition. We achieve this by reducing complexity, answering your demands, and enabling your production worldwide – Wherever Wind Is.

Medium:

(917 characters with spaces)

ENABL is your global partner within consultancy and equipment solutions across the entire life cycle of onshore and offshore wind turbines. With 22 years of specialist engineering know-how, we deliver what the wind industry demands.
